CLAUDIA Moulin // FIRST YEAR STUDENT

BA English Literature

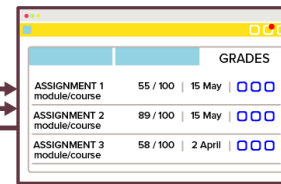

Devices

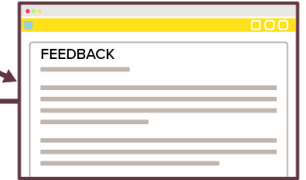

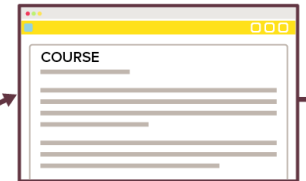

Claudia is reading her emails when she sees a Moodle notification for new grades/feedback comes through. She opens the email and clicks on the link.

The link takes her to the grades page, where she needs to log in.

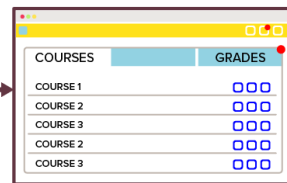

Claudia sees her most recently published grades.

Subsequently she clicks to view/download/ redirect to her feedback or possibly view the course page, and her overall course progress.

Claudia is in the library when a course mate walks by and tells her there are new grades posted on Moodle.

If after logging in she sees a system notification that there are indeed new grades posted she navigates to the grades page to view them.

If not she logs out.
